INDEX.

* Denotes an original article. † Book reviews.

Abdomen, acute conditions in the lower of the female.....774
Abdominal wall, injuries of the, their importance in diagnosis...596
Abell, J. :Radium in the treatment of uterine pathology.....375
Abortion, criminal 777
—— a double intra-dermal test for the diagnosis of bovine contagions 779
—— an experimental investigation concerning toxic, produced by chemical agents *693
—— 1,000 inductions of.....827
—— lipoid-retention after 198
—— treatment of febrile.....398
—— symmetrical gangrene of both feet, in febrile, following gynergen therapy 202
—— symmetrical gangrene of both feet following.....596
Appendicitis, gynæcological considerations in chronic.....146
—— acute, complicating pregnancy, labour and the puerperium 158
Abraham, E. G. : On spontaneous rupture of the uterus.....826
Albuminuria of pregnancy, treatment of.....398
Accidental hæmorrhage and placental infection. Further experimental observations on the ætiology of.....*661
Actinomycosis of the ovary and Fallopian tube.....410
Adams, T. : Backache, from an obstetric and gynæcologic standpoint 365
Adler, K. : Fracture of the clavicle in spontaneous labour 835
Adrenalin, concerning intracardiac injections of (Three cases) 176
Aguiar de : Four cases of uterine inversion 609
Aguiar : Three cases of knotting of the umbilical cord 211
Albee, F. H. : Enlargement of the parturient canal by bone graft 566
Aldrich, C. A. : A new test for hearing in the newborn 386
Allen, E. : Regurgitation of endometrial tissue through Fallopian tube during operative procedures 383
—— Report of two cases of partial hydatidiform degeneration of the placenta, late in pregnancy 791
Allen E. and C. P. Bauer : Auto-transplantation of endometrium in the eye of rabbits 796
Allen, R. M. : Report on maternal mortality and morbidity in the State of Victoria 785
Allen R. M. and L. M. Bryce : A report on an epidemic of septic infection occurring in a maternity hospital 783
Allen, W. : An analysis of thirty-two cases of ectopic pregnancy and three suspected ectopic pregnancies 563
Amniotic fluid as a possible factor in the etiology of eclampsia 358
Anæsthesia in obstetrics and gynæcology. Para-vertebral 606
Anæmia in infants 780

Anderodias, Balard, Mahon: A case of hæmorrhagic variety of puerperal infection 802
—— and Lacouture: Hysterectomy en bloc with living ovum at the end of pregnancy for gangrenous metritis of the cervix 392
—— Hæmatoma-mole 392
Andersen, J. V.: A case of mola tuberosa (Breus's mole) 213
Anencephaly in pregnancy, the diagnosis of 840
Anfänger: Spontaneous rupture of a carcinoma of the ovary....589
Animal reproduction, the bionomics of, in relation to tumours and cancers 142
Anœstrous condition resulting from vitamin B deficiency, the nature of the 555
Ante-natal and post-natal child hygiene, the principles of....*543
Anus urethralis, a case of 594
—— imperforate 805
Armytage, V. B. Green: Complications and treatment of the occipito and treatment of the occipito-posterior positions ...775
Aschner, B.: The relationship between hypomenorrhœa and toxæmias of pregnancy 590
Aschermann, G.: Extraction of adherent placentæ 409
—— —— and L. Rosenblum. The local treatment of puerperal sepses with autogenous broth vaccine according to Besredka 825
Asthmapathia gravidarum 411
Asphyxia in the newborn, the prevention and treatment of 383
—— neonatorum, the causation and treatment of 598
Atresia of the vagina with menses retained to the age of 26 144
Atzeroat, K.: Contribution to the study of anæmias of pernicious type of pregnancy 582
Audebert: Uterine hæmostosis by Pollonson's method 179
—— and Galy-Gasparrou: Preventive pubiotomy in contracted pelvis 179

B

Babes, A.: Endometrial hyperplasia and ovarian tumours 185
Bachman, C.: The Barton obstetric forceps: a review of its use in 55 cases 161
Backache from an obstetric and gynæcologic standpoint 365
Baer, W.: Complete congenital aplasia of both ovaries 590
Bailey, H.: The drainage of pelvic abscess per rectum 142
Bakács, G.: Experimental tuberculosis of the female genital organs 579
Balard and Mahon: A case of sudden death two hours after labour 802
—— A case of repeated low Cæsarean section 802
Ballin, M.: Menstrual fistulæ of post-operative and endometrial origin 565
Baniecki, H.: The distensibility of the fœtal ureters 841
Bársony, E.: Hyperemesis gravidarum 838
Barton, L., W. Cardwell, and W. Studdiford: A new obsteric forceps 367
Barthélemy: Ruptured ovarian pregnancy 808
Bartholomew, K.: Prophylactic external version 363

Bass, F.: X-ray therapy in streptococcal infections 590
Bass, J.: A case of ovarian pregnancy 842
Bauer, C.: A comparative study of the convalescence of 150 selected cases of vaginal supra-vaginal and total abdominal hysterectomy 790
Baumann: Anæmia in rickets 830
Baumm, P.: The diagnosis of the stage of labour by external examination 192
Beckers, R.: Diagnosis pathology and frequency of extra uterine pregnancy 577
Beckman, H.: The alleged synergism of magnesium sulphate and morphine 368
Beclere, A.: On radiology in gynæcological diagnosis 577
Bèclére, C.: Radio-diagnosis in gynæcology 390
Beghin: Three cases of uterine rupture after previous Cæsarean section 395
Bell, W. Blair: The malignant functions of the chorionic epithelium *233
Benthin, W.: Etiology and course of bleeding from the uterine corpus at the menopause 827
Bermann: Pregnancy at five and a half months, simultaneous with a probable ectopic gestation and a dermoid cyst of opposite ovary 811
Beveridge, R. S.: Hæmorrhagic disease of the newborn .....
Biologie and pathologie des weibes *339
Birth injury in children with congenital spastic paraplegia, on the etiological importance of 424
Birth trauma, clinical statistics concerning 187
Bladder, an unusual foreign body in 595
—— and urethra in the female, removal of for malignant disease 152
Bland Sutton, J.: The bionomies of animal reproduction in relation to tumours and cancers 142
Blaye, L.: Mycotic vulvo-vaginitis due to monilia albicans 390
Blind, A.: Mucous polypus and cancer of the uterus 400
Blood bilirubin in ectopic pregnancy 364
Blood-groups, analysis of the, of children and infants 569
Blood plasma in health and disease, the .....†757
Blood, sedimentation of the, its history, theory and clinical significance 191
—— sedimentation, experiences with the micro estimation of.....193
—— transfusion in obstetrics and gynæcology 409
Bock, A.: The menstrual cycle and calcium 582
Bokelmann, O. and A. Beck: The relationship of the acetone bodies to the toxæmias of pregnancy 195
Bonney, V.: Genital displacements 348
—— Victor: Gynæcological considerations in chronic appendicitis 146
—— V.: The conservation of function in gynæcology 786
—— —— Post-operative sepsis in general and puerperal sepsis in particular 345
—— Victor, and H. S. Davidson: A further case where endometrial tissue was accidentally implanted *135

Bostroem, E.: Chorionepithelioma 613
Bourg, S. and Cordies: Knudenberg's tumours 578
Bourne, Aleck, W.: Recent advances in obstetrics and gynæcology .....†760
Bovée, John Wesley: In memoriam, 1861-1927 .....*528
Bowcock, H. W. and E. H. Greene: Renal glycosuria during and after pregnancy 383
Brambell, F. W. R., V. Fielding, and A. S. Parkes: Changes in the ovary of the mouse, following exposure to X-rays. Part IV. The corpus lutein in the sterilized ovary and some concluding experiments 351
—— —— —— The normal ovarian cycle in relation to œstrous production 554
Brandess, T.: Symmetrical gangrene of both feet following abortion 596
Breast, when should the infant be first put to the 420
—— feeding, the function of 149
—— —— problems. III. Infantile 162
—— —— and coincident pregnancy 829
—— the position of histology in the prognosis of carcinoma of the 546
Breech presentations, operative treatment of 581
Brindeau, Obstructive jaundice in a pregnant woman 392
Brouha, M., and O. Gossalin: Significance of amourosis as a precursor of eclampsia 817
—— On the treatment of ovarian cysts in the later months of pregnancy 401
—— and Bué: Indications for the interruption of pregnancy.....174
Browne, F. J. and Gladys H. Dodds: Further experimental observations on the etiology of accidental hæmorrhage and placental infection *661
—— Advice to the expectant mother on the care of her health...†140
Brusten, W.: Severe intra-peritoneal bleeding during labuor 845
Bryce, L. M.: A note on the varieties of vaginal vaccilli met with in an investigation of the flora of the female genital passages 786
Buckingham, H.: Complete eversion of the uterus in a small pomeranian bitch 149
Burch, L. E.: The treatment of pelvic inflammation 380
Burckhard, G.: Intra-uterine pregnancy following bilateral salpingectomy 837
Burger: Concerning hypophyseal extract 389
Buscarlet: The evolution of large uterine fibroids not submitted to operation 389
Bykow, S. G.: The influence of the plague on the female genital tract 409

C

Cadcuat, F. M. and M. Patel. Gynæcological surgery, drainage in 386
Cæsarean sections, an analysis of the maternal and fœtal deaths in a series of two hundred and ninety one.....366
—— —— —— technique of the lower segment.....146
—— —— the abuse of.....157

Cæsarean section, the problems of....156
—— —— indications and limitations....159
—— —— repeated uterine rupture after....594
—— —— (three) on the same patient in three years, four living children....804
—— —— is the vaginal, justified in placenta prævia....789
—— —— a case of repeated low....802
—— —— with temporary exteriorization of the uterus....424
—— —— in infected cases of placental prævia....192
—— —— in a case of perforated appendicitis....593
Calcium therapy in septic complications of labour or abortion....387
—— content of the blood at various stages of pregnancy etc....410
—— —— of the blood in normal and pathological pregnancy and particularly eclampsia....401
—— in the mother and child, the estimation of blood....408
—— retention during normal and pathological pregnancy, and particularly in convulsive eclampsia....820
Cameron, S. J. Difficult labour....†533
Cancer, multiparous glandular, of the uterine cervix....389
—— is, becoming more frequent....819
—— on the prospects of cure of the most important gynæcological forms of....826
—— of the uterus at the Samaritan Free Hospital, a report on the treatment of....†138
—— of the uterus....†137
—— —— —— following an interposition operation with a review of other repeated complications....362
—— —— —— the present status of therapy of....368
—— in the female, relationship of imperfect drainage to genital....170
—— in young persons....611
Capizanno. Radium therapy on the cervix therapy....813
Cappe, H. Virginity and pregnancy....608
Carcinoma, pseudocyst of the uterus following, radiation of a cervical....583
—— metasteses....579
—— of the uterine cervix....360
Cardiac function and pregnancy....581
Cartwright, C. W. Inverted uterus—incomplete reduction....149
Casagrarde, J. A case of recurrent torsion of the Fallopian tube with hæmatosalpinx....368
Case, an interesting....211
Castellani, A. Lactosuria in nursing women....568
Cassidy, Louis L. In memoriam....*745
Cavia, development of: implantation....150
Cerebro-spinal fluid in children, the removal....569
Cervix, impatchy....583
—— early carcinoma of, and its diagnosis....821
—— advances in the treatment of cancer of the....349
—— carcinoma of the, treatment by a combination of Röntgen rays, radium, and electro thermic coagulation....615
—— concerning the treatment of cancer of....804
—— uteri, cause of....795

Cervical fibroids invading the vesico-vaginal septum.....*514
Chambers, Helen. Radium treatment of cancer of the cervix.....
Chatillon, F. Sterility of uterine origin, diagnosis and treatment...174
Chaudhuri, A. C. The effect of the injection of alcohol into the male mouse upon the secondary sex ration among the offspring 770
Cheval, M. A. Treatment of cancer of the cervix by irradiation...349
Chipman, W. W. Acute conditions in the lower abdomen of the female 774
Childbirth, an outline of its essential features and the art of its management .....†542
Chorionic epithelium, the malignant functions of the.....*233
Chorion-epithelioma of the uterus, infected.....572
Chorion epithelioma 613
Chynoweth, W. R. Secondary sex characters of the gonads.....168
Clauberg, C. The course of the menstrual cycle after operation...582
Clostridium welchii septicæmia complicating prolonged labour due to obstructing myoma of the uterus with report of a case 561
Cocq, Professor and J. J. Snoeck. Rupture of the uterus during labour 576
Cocq, V. and J. J. Snoeck. Rupture of the uterus during labour...180
Coen. Cæsarean section with temporary exteriorization of the uterus 424
Coghlan, C. The present position of our knowledge and treatment of pre eclampsia and eclampsia.....782
Cohen, S. A. Infants clothing.....570
Coll-de-Carera. Janbon—Henriet. Concerning a case of intractable vomiting of pregnancy.....803
Colloidal lead, the treatment of malignant disease by.....551
Colporrhexio a rupture of the vault of the vagina.....366
Contracted pelvis, impaction of shoulder in.....601
Contraction ring, two cases of, with observations on treatment especially by amyl nitrate.....770
Congenital malformation of the limb, an unusual case of.....604
—— absence of ovary and Fallopial tube.....553
—— universal œdema.....583
Conjugate, X-ray measurement of the true.....823
Cooke, W. R. A study of the factors influencing mortality and morbidity following gynæcologic laborotomies.....170
Cord, cysto on umbilical.....409
Corlette, C. E. Large ovarian cyst in a girl aged 15 years.....557
—— —— Two cases of torsion of the Fallopian tube.....558
Comer, G. W. The relation between menstruation and ovulation in monkey, possible significance to man.....167
Corpus lutein in the sterilized ovary, the.....351
—— —— hæmotoma 563
—— —— remarks on the functions of the.....201
—— —— menstrual bleeding and the functions of the.....556
Corwin, J. and W. Merrick. The toxæmias of pregnancy in relation to chronic cardio vascular and renal disease.....367

Cosgrove, S. Spinal anæsthetics in obstetrics....365
Costantine. Two cases of tuban rupture with high pain....392
Cotyledons, late retention of....809

Donovan, D. M. : Complete inversion of the uterus 551
Dougal, D. : The clinical features of ectopic pregnancy 147
Douglas, inflammation of the pouch of 578
—— the diagnostic and therapeutic value of puncture of the pouch of 416
Douglass, W. : Endometrial tumours in abdominal scars 569
Ducuing : Three Cæsarean sections on the same patient in three years 804
Duodenal ulcers in two infants of the same family 780
Dupont, D : A case of uterine inversion of four months standing : abdominal hysterectomy 799
Dutaillis, P. Petit- : Miscellaneous contributions to pelvic radi-ology 810
Dutta, Lieut. P. C. : Some functional disturbances of the uterus *282
Durlacher, D. : Impaction of shoulder in contracted pelvis 601
Dyspeptic infants, feeding, on Adam's anti-dyspeptic milk 206
Dysmenorrhœa and helmenthiasis 571
—— primary spasmodic, and its treatment 771
Dystocia, on a case of 811
—— due to fibroid prævia 815
—— due to short cord 805

Dystocia, treatment of contraction ring, with adrenalin 361
—— pre-natal rupture of the intestine with subsequent 568
—— due to ovarian cyst, supra-symphyeal Cæsarean section followed by ovariotomy 575
Dyroff, R.: The histological picture of a healed carcinoma after X-rays 828

E

East-end mothers lying-in home .....†762
Eastman, N.: Puerperal hemiplegia 791
Ebhardt, K.: Investigation of the influence of ovarian hormone in the genital tract and mamma 584
Eclampsia, recurring 845
—— and the pre-eclampsia state at the Klinik of the Karolinschen institute in Stockholm, during the years 1920–1927 848
—— a new vasomotor phenomenon and its use in 469
—— 348
—— chronic nephritis, accidental hæmorrhage and *292
—— the kidney in 169
—— a note on 771
—— the present position of our knowledge and treatment of pre-eclampsia and 782
—— significance of amauris as a precursor of 817
—— hypophysis and 822
—— the incidence of, in Berlin from 1908 to 1922 as related to the weather variations 197
—— treatment of 202
—— in mother and child 206
—— treatment of 211
—— the toxicity of blood serum proteins in 562
—— the fluctuation in blood sugar during, and its relation to the convulsions 560
—— and infantile mortality 846
—— serum, note on the apparent absence of presser substances in*743
—— toxæmias and indications for treatment 169
Ectopia of a persistant urogenital senus 189
Ectopic gestation 599
—— —— an unusual case of a ruptured 774
—— gestations which end in spurious labour 777
—— infant aged two and a half years 392
—— pregnancy, analysis of thirty-two and three suspected ectopic pregnancies 563
—— —— the clinical features of 147
Eden, T. W., and Cuthbert Lockyer: Gynæcology .....†750
Edinburgh Royal Maternity and Simpson Memorial Hospital .....†766
Elliott, C. C.: Inversion of the uterus 145
Emboli in a cardiac patient, death from multiple 397
Emery, C. W. A.: Primary spasmodic dysmenorrhœa and its treatment 771
Emphysema and air embolism in the new-born, on the mediastenal 189

Empyemia in a child three days old, a case of *131
Emslie, M. : The function of breast feeding 149
Encephalitis (Epidemic) in association with pregnancy, labour, and the puerperium, a review and report of twenty-one cases...*1
Endocrine glands and the genital system in the female, on the relation of the 173
Endocervicitis, the management of chronic 375
